

Wandiligong Primary School Vision and Values

Philosophy

Our school philosophy is reflected in our vision, mission and values. This philosophy is enacted daily by the actions of our staff, students and community. It is reflected in our plans for the future, our school documentation and our policies. Our teaching and learning programs are guided by our philosophy and students experience an environment in which all actions are guided by the question - *"Is this aligned with our vision, values and beliefs and is it in the best interests of our students?"* Our personalised learning environment challenges and nurtures students whilst being inclusive to all members of our community.

Vision

To develop confident, inquisitive children who exhibit empathy and understanding and are prepared for future success.

Our Mission

We will encourage and guide students to:

- be confident in the development of their self-identity
- be resilient and build a sense of purpose
- have respect for our past whilst looking forward to create a sustainable future
- create an environment that celebrates diversity and is inclusive of all students, across gender, ability, religion and culture
- become inquisitive and curious learners who think creatively and critically
- think like global citizens and be aware of our impact on the environment
- cooperate, work as a team and be a part of our local community
- understand how they learn and to become agents of their own success
- demonstrate friendliness and kindness across all aspects of our school
- act with integrity
- utilise their unique strengths to become leaders in our community
- reach their academic and creative potential

Our Values – The Wandu Way

- Respect - For self, for others, for the environment and community
- Responsibility – For ourselves & our community through all our actions
- Resilience - To rise above challenges
